

Qualifications

BA(hons) DipArch MSc

Alastair Wood

Architect

Alastair is an architect (BA Manchester & DipArch Oxford Brookes) with an MSc in Environmental Design and Engineering from the Bartlett (UCL). He has experience in architectural practice and the building Industry in the UK and USA.

Key interests include the incorporation of low-carbon design solutions into new/existing buildings. Prior to David Morley Architects, Alastair was in a broad role encompassing design, technical support and project management within a company that designs, markets and installs vertical-axis wind turbines on to buildings.

Since joining David Morley Architects in April 2010, Alastair has worked on Keynes College student housing for the University of Kent, the Dickson Poon University of Oxford China Centre Building, Clifton House, a refurbishment of a 1930s warehouse into hotel and office accommodation and is currently working on a new 800 bed student housing project.

Relevant projects

- Keynes College, University of Kent
- The Dickson Poon China Centre for St Hugh's College Oxford
